

C.O.M. Fabric Needs (Based on 54" Goods)

*Please multiply the below yardages by the quantity of pillows you are specifying of each size.

<u>Pillow Size</u>	<u>No Repeat</u>	<u>3-14"</u>	<u>15-19"</u>	<u>20-27"</u>	<u>28-36"</u>	<u>44-51"</u>
16x16	.50 YD	0.75	0.75	0.75	0.75	0.75
18x18	.75 YD	0.825	0.8625	0.9375	0.9375	1.0125
20x20	.75 YD	0.825	0.8625	0.9375	0.9375	1.0125
22x22	1 YD	1.1	1.15	1.25	1.25	1.35
24x24	1 YD	1.1	1.15	1.25	1.25	1.35
12x16	.50 YD	0.55	0.575	0.6	0.625	0.675
12x18	.50 YD	0.55	0.575	0.6	0.625	0.675
12x21	.50 YD	0.55	0.575	0.6	0.625	0.675
14x36	1 YD	1.1	1.15	1.25	1.35	1.35
15x25	.75 YD	0.825	0.8625	0.9	0.9375	1.0125

To estimate correct yardage when the vertical repeat is 1/2 to 27" you must add the horizontal repeat to the vertical repeat. For example a 8" vertical repeat + a 12" horizontal repeat = 20" total repeat.

***To calculate self-welt -1 yard of 54" wide upholstery fabric will yield approx. 1080" of trim so a 26" pillow you need 104" of cording - 26"x 4 = 104".

Shams - Standard 26x20 or Euro 26x26

<u>Pillow Size</u>	<u>No Repeat</u>	<u>3-14"</u>	<u>15-19"</u>	<u>20-27"</u>	<u>28-36"</u>	<u>44-51"</u>
26x20	1	1.1	1.15	1.2	1.25	1.35
26x26	1	1.1	1.15	1.2	1.25	1.35

***To calculate self flange- pillow size + (flange size x 2) = new pillow size. For example 20" (pillow size) +6 (3" flange x 2) =26". Refer to the yardage for the 26" pillow.

Requirements for cord trim/piping:
